METHODOLOGY

The survey results contained in this document are based on HYA's research related to Executive Director leadership standards. The survey addresses both district performance and desired characteristics of the Executive Director in relation to the following areas:

- Vision and Values (VV) - The leader's ability to provide a clear and compelling vision for the future, align Association programs to the broader vision of the Association, and uphold high expectations for all stakeholders
- Teaching and Learning (TL) - The leader's ability to guide educational programs, make data-driven decisions, and implement effective instructional change
- Community Engagement (CE) - The leader's ability to be the voice of the Association, engage with the community, and involve stakeholders in realizing the Association's vision
- Management (M) - The leader's ability to guide operations, manage resources, recruit and retain highly effective personnel, and create an equitable accountability system for all employees

Through the understanding of stakeholder's views regarding the state of the Association and the desired profile of the next Executive Director, this report will help the Association prioritize the desired characteristics of the Executive Director in a way that will advance the priorities of the Association.

EXECUTIVE SUMMARY

The ACSA 2021 Executive Director Search Survey was completed by 567 stakeholders. The largest stakeholder group surveyed consisted of District Level Administrators.
