

SCCS Budget

State & Federal Resources

COVID Resources

Local Resources

Bonds

Spring 2022

How are our schools funded?

Our budget for the
2021-2022 School
Year is \$110,781,776.

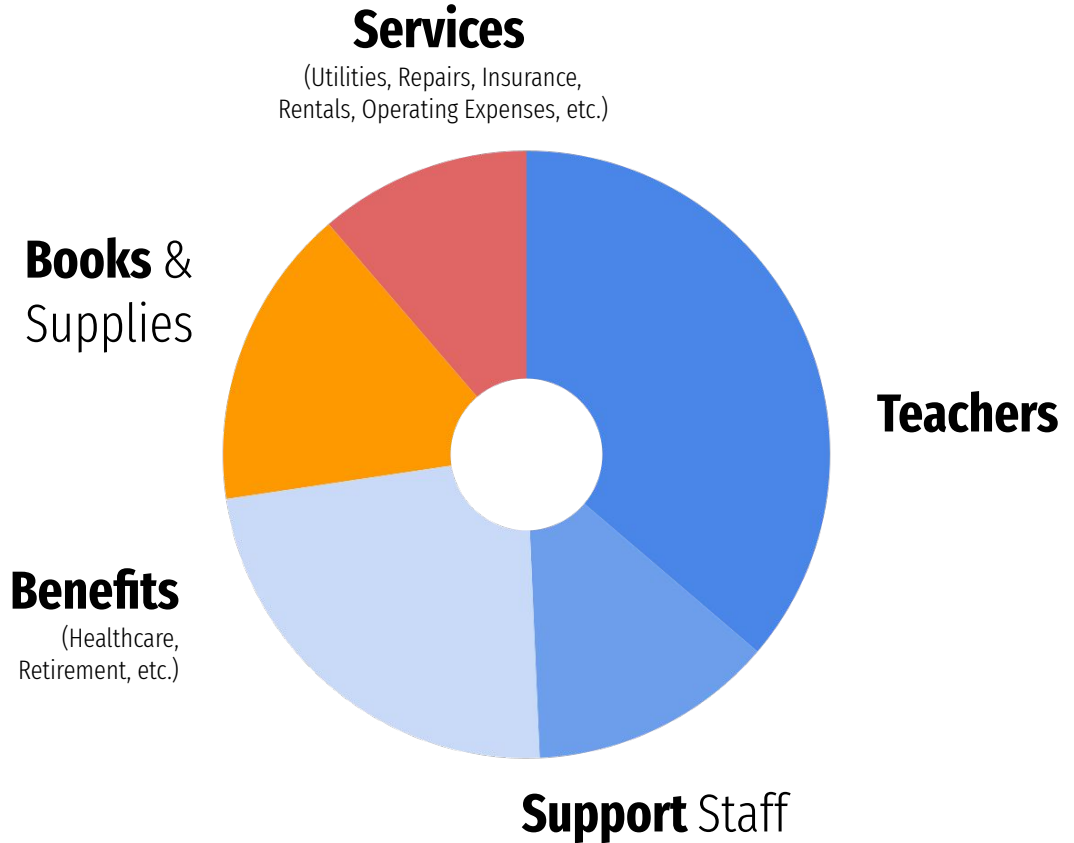

(shown here)

Our budget may look like
a lot, but most of it is
spent on teachers &
support staff.

Most of our funds are
spent on **teachers** &
other staff.

***Our budget** is also *variable*
(recalculated often), with **revenue** &
expenses starting the year as *estimates*.

Our budget is a mix of **federal**, **state**, and **local** funding.

Our automatic **federal** & **state** funds cover “basics” like *classroom teachers, books & supplies.*

Our **federal** & **state** funds *do not* *cover:*

- x **Counselors** (partially covered)
- x Elementary **Art & Music**
- x **Career** Training (partially covered)
- x **Libraries**
- x **Athletics**
- x **Life Lab**

- x **Fields & Gyms & Pools**
- x **Plumbing & Roofing & Wiring**
- x **Technology** Infrastructure
- x New **Classrooms**

California considers these **local decisions**,
left up to each community to fund (***or not***).

- X **Counselors**
- X Elementary **Art & Music**
- X **Career** Training
- X **Libraries**
- X **Athletics**

- X **Fields & Gyms & Pools**
- X **Plumbing & Roofing & Wiring**
- X **Technology**
- X New **Classrooms**

Our **local** funding is almost entirely from **Parcel Taxes T&U** (80%), which funds:

- **Counselors**
- Elementary **Art & Music**
- **Career** Training
- **Libraries**
- **Athletics**

- X **Fields & Gyms & Pools**
- X **Plumbing & Roofing & Wiring**
- X **Technology**
- X New **Classrooms**

Our **local** funding is almost entirely from **Parcel Taxes T&U** (80%), which funds:

- **Counselors**
- Elementary **Art & Music**
- **Career** Training
- **Libraries**
- **Athletics**

- **Fields & Gyms & Pools**
- **Plumbing & Roofing & Wiring**
- **Technology**
- New **Classrooms**

***Only funded via Bonds** (more on this later)

Most of our budget is **state** funding.

Most of our budget is **state** funding.

- **LCFF Base**: state funding per student *based on daily attendance in secondary and property taxes in elementary.*

Most of our budget is **state** funding.

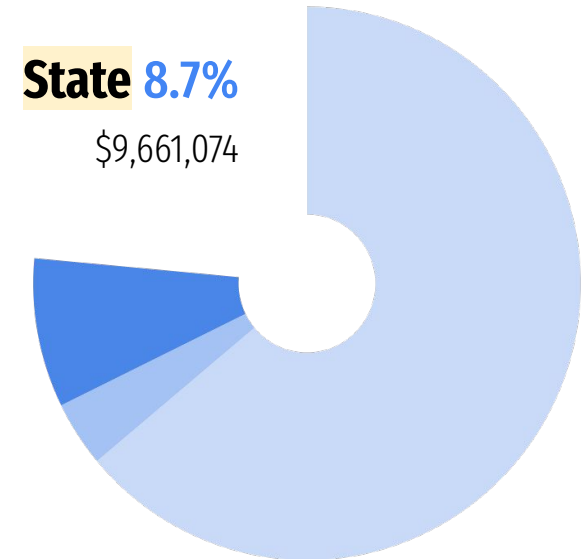

- **LCFF Base**: state funding per student
- **LCFF Supplemental**: restricted funds for supporting **English Learner, Low-Income, Homeless & Foster Youth**.

LCFF Supp. 3.8%

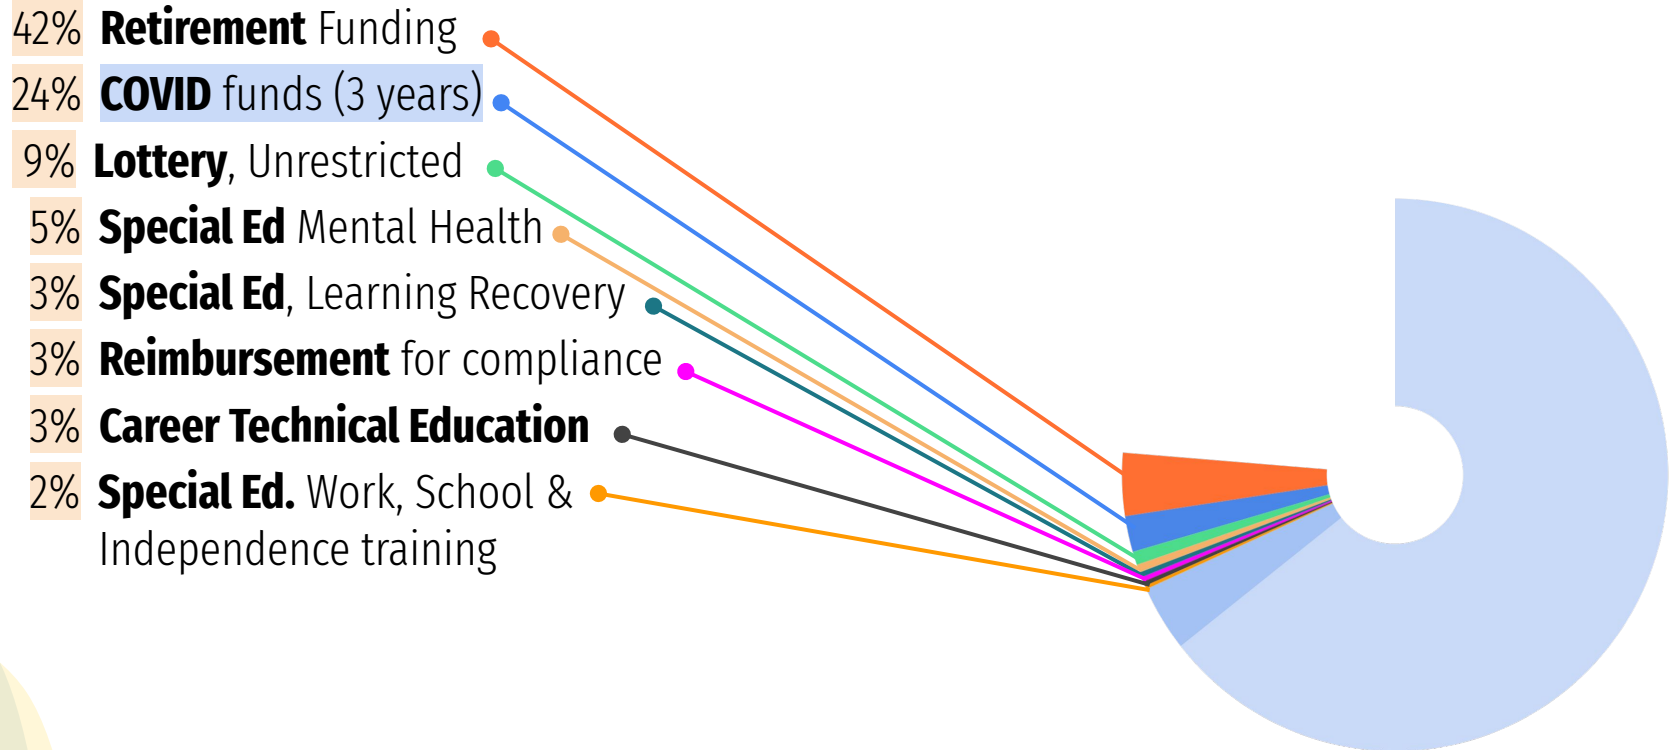

\$4,246,203

Our remaining **State** funds are *restricted*.

Our remaining **State** funds are *restricted* to:

Our **Federal** funds are *restricted* too.

Federal 16%

\$17,453,505

Our **Federal** funds are *restricted* to:

Our **local** revenue reflect **our community's priorities.**

Our **local** community has invested in:

Measure U: K-8

38% Libraries
23% Counselors
22% Art/Music Teachers
10% After School
7% Life Lab Gardens

Measure T: 9-12

30% Career Tech
27% Counselors
25% Athletics
11% Libraries
7% Visual/Per. Arts

\$6,893,118

Our **Federal COVID** funds cover *three more years* of services.

2021-2024

How we've been
able to spend
all **4 years** of
COVID funds:

COVID funds were only available
for ***very specific programs*** &
limited times.

Ready for the **COVID**
relief breakdown?

Support Staff

Materials & Services

Teaching Staff

$\frac{2}{3}$ of our
COVID funding
is going to:

Our **COVID funding** expires in pieces:

How a community funds schools:

Reviewing Bonds A & B

“A growing body of research has found that **school facilities can have a profound impact** on both **teacher** and **student outcomes**.”

- Penn State Center for Evaluation & Education Policy Analysis

FACILITIES MASTER PLAN

August 19, 2016

Page 10

“... in 2016 the District had identified in an early estimate that we had **facilities needs** in excess of **\$300 million...**”

In response, for the first time in **almost 20 years** the Board placed a **Bond** on the Ballot to support our schools.

The **community** responded with **an emphatic 'YES'** and a much-needed **bond was passed.**

We knew we had more **years of**
wear than we were getting
money for repair.

***But we went to work
immediately.***

Work **Completed:**

- **Harbor, Soquel High & Mission Hill Fields** and tracks
- **New Music Classroom** at Branciforte Middle School
- **New DeLaveaga parking lot**
- **Replacement** of wood chips with New rubber surface at Bay View
- **ADA INCLUSIVE play structures at Gault & Branciforte Small Schools** with rubber surface fall zones
- **Street Presence Beautification** at Branciforte Middle and Mission Hill Middle School
- **Santa Cruz Gym Modernization**
- **New Roofing**

Work **Completed:**

- **Replaced old drinking water pipes** where needed
- **New Main Electrical Services** at 7 sites
- **New Technology Infrastructure** District wide
- **Safety** Upgrades
- **Classroom Modernizations** on all sites that include -- New Technology Infrastructure
- **Updated Science Labs** at Soquel High
- **Modernized Libraries** at Soquel High, Bay View and Delaveaga
- **Replacement of Portables with New classrooms** at Bay View, Branciforte Small Schools, AFE and DeLaveaga
- **Replaced about 50% of all the roofing** in the District
- **New ventilation systems** for newly modernized classrooms for better and cleaner learning environments

We started with **not enough** to do what we needed at 2016 pricing.

That was before: supply shortages, material cost escalation, labor shortages, increased labor costs and inflation.

Discovered **unexpected** problems (*examples*):

- **Harbor High Field cost DOUBLED** (finally addressing shortcuts from historical work, new code changes around DSA, FEMA, Fish and Game, Storm Water Discharge changes and the addition of a needed ADA ramp from the campus to the new fields)
- **Santa Cruz High & Mission Hill Middle Schools** Cultural Discoveries & mapping with Cultural Archeologists.
- **Soquel High School:** Fire water, drinking water
- Unanticipated **Sewage and Water Repairs** at multiple locations
- **COVID** - Supply Shortages/Costs – Labor Shortages/Costs – Time Delays/Costs

Our funds: by 2024

When this bond is **depleted**,
no site will have more than
50% modernized classrooms.

Potential **New Bond** November 2022

Goals:

Complete Master Plan

Increase Sustainability Projects

Provide Workforce Housing

+ Workforce Housing:

It's already challenging to attract & retain teachers & support staff. It's going to **get worse before it gets better**. A bond allows for the needed funds to make this a reality.

80 proposed units

(architect's rendering of Natural Bridges site workforce housing)

+ Greater Sustainability:

- **Water** Management
- **Solar** Energy
- Reduction of **Natural Gas** through electrification
- **Electric** Transportation Fleet infrastructure
- Next Generation **LED lighting**
- Additional **Net-Zero** campuses

Accomplishing such **wonderful change for our campuses** is impossible without the support of our generous community.

We are forever **grateful for this trust** and for sharing this vision of wonderful educational spaces for students and teachers with you.

We look forward to continuing this **positive impact going forward.**

Next Steps:

- **Community Conversations**
- **Facilities Master Plan Update**
- **Potential Board Action** in Early August
- **Campaign**
- **November Election**

Thank you & Questions
